OpenPort End User License Agreement for Mobile Applications

This OpenPort End User License Agreement for Mobile Applications, including without limitation, all attachments hereto (collectively, the “License”) applies to the applications listed below and any other applications (including without limitation bug fix, updates, upgrades, and general, limited and early access releases), that OpenPort Limited (“OpenPort”) may make available in the future under these terms (each an “App” and collectively “Apps”):

1. OpenPort Driver App for Android
2. OpenPort Marketplace App for Android
3. OpenPort Booking App for Android
4. OpenPort Consignee App for Android

Please read this License carefully. In particular, please note the following sections: a) Section 2 (“Privacy and Data Security”) of this License contains important provisions and disclosures regarding data security and privacy that may affect your data and/or your employer’s data (collectively the “Privacy Provisions”), and b) Section 1(d) of this License contains important provisions regarding your use of Early Access Technologies.

By installing or using any of the Apps, you represent that: (i) you are employed by or affiliated with a customer (“Customer”) of OpenPort’s hosted business solution (the “Service”) that is subject to any of OpenPort’s subscription services or commercial agreement including all applicable addendums, license agreement or terms of use (hereinafter collectively referred to as an “SSA”), and (ii) you are authorized by such Customer to use the applicable Service (herein, an “Authorized User”). This is a legal agreement between OpenPort and the Customer. No third party operating system and platform provider (each a “Third Party Platform Provider”) is a party to this License except as may be set forth herein. As between any Third Party Platform Provider and OpenPort, OpenPort is solely responsible for the Apps and the content of this License.

You represent that you are authorized to agree to and will comply with the following terms on behalf of the Customer, and references to “you” and “your” herein shall be deemed to refer to you as a duly authorized representative of the Customer. If you do not have such authority, are not an Authorized User, or do not agree to these terms (including without limitation the Privacy Provisions), you may not install or use the Apps, or if you have already downloaded any of the Apps, you must uninstall and delete all copies of the Apps from any stored device or location.

This License supplements and modifies certain terms of the SSA, solely with respect to use of the Apps. Your use of the Service through the Apps is governed by the SSA, and capitalized terms used but not defined in this License have the meanings given to them in the SSA. The terms in this License will apply to all Apps unless otherwise stated in this License.

Any software license agreement in effect between you and the Third Party Platform Provider governs the use of your mobile device, including without limitation, any smartphone, tablet or other device running on the Third Party Platform Provider’s operating system (collectively “Device”). Such Third Party Platform Provider may at any time and without notice restrict, suspend or terminate your use of the Apps or delete the

Apps from the Device on which it is installed without any compensation or refund to you or Customer from such Third Party Platform Provider or OpenPort.

1. LICENSE

(a) Each App, as applicable, is licensed, not sold, to you for use under the terms of this License and the SSA. By downloading, installing or using any of the Apps, you agree to the terms of this License. OpenPort may update the terms that govern the Apps from time to time with an upgrade or with notice to you. The terms of the License will govern any upgrades provided by OpenPort that replace and/or supplement the Apps, unless such upgrade is accompanied by separate terms, in which case such separate terms will govern.

(b) This License is non-transferable and limits you to use of the Apps on any Device that you own or control or are authorized to use by Customer and as permitted by the Third Party Platform Provider (i.e., pursuant to any applicable terms and conditions, license terms and other Third Party Platform Provider requirements, as the case may be), herein, the “Usage Rules”.

(c) This License does not allow you to use the Apps on any Device that you do not own or control, and you may not distribute or make the Apps available over a network where it could be used by multiple devices at the same time. You may not rent, lease, lend, sell, redistribute or sublicense the Apps. You may not copy (except as expressly permitted by this License and the Usage Rules), decompile, reverse engineer, disassemble, attempt to derive the source code of, modify, or create derivative works of the Apps, any updates, or any part thereof (except as and only to the extent any foregoing restriction is prohibited by applicable law or to the extent as may be permitted by the licensing terms governing use of any open sourced components included with the Apps). Any attempt to do so is a violation of the rights of OpenPort and its licensors. If you breach this restriction, you may be subject to prosecution and damages.

(d) With respect to Early Access Technologies, You agree to adhere to any limitations of Early Access Technologies and may not use such Early Access Technologies in a production environment. OpenPort reserves the right to withdraw any Early Access Technologies from testing or disable the Early Access Technologies at any time in its sole discretion and never release it as a commercial product. In the event OpenPort, at its sole option, requires you to cease use and delete the Early Access Technologies, You agree to promptly comply and, if requested, certify in writing your compliance. Without limiting the foregoing, upon the earliest of (i) notice from OpenPort, (ii) the conclusion of any testing period specified by OpenPort for the Early Access Technologies in a testing agreement (if any), (iii) OpenPort’s removal or deactivation of the Early Access Technologies, and (iv) the availability of the Early Access Technologies as a generally available OpenPort product or service, You will cease all use of and delete or destroy the Early Access Technologies. You acknowledge and agree that OpenPort (either directly or through third party providers) will be reviewing and monitoring the performance of the Early Access Technologies during the course of the specified testing period for such Early Access Technologies. “Early Access Technologies” means certain versions, features, or functionality of the Apps that are marked or identified as early access, non-production, beta, pre-release, or test (or with other similar terminology).

2. PRIVACY AND DATA SECURITY.

(a) OpenPort will not collect, use or disclose your data except to the extent necessary to perform its obligations or exercise its rights under this License and the SSA, or as directed or otherwise permitted by Customer. By using any of the Apps, you consent to the collection, use and disclosure of your data as described herein or in the SSA.

OpenPort may collect electronic data or information related to your use of the Apps, including user, technical and performance information about you, your locale, your Device and any peripherals (including without limitation model, screen size and connectivity), operating system, the Apps, App usage, and data and processing instructions submitted to an App or to the Service through an App, retrieved from the Service through an App or Device, or otherwise supplied as a result of App, Service or Device settings or instructions you have initiated or confirmed (collectively “Data”). OpenPort may use such Data to provide and improve upon the Service, Apps, related features and functionalities, future enhancements and customer support. OpenPort may also (i) analyze Data, combine Data with other data and create aggregated data for purposes consistent with this Section 2 (collectively “Aggregate Data”) and (ii) publish or distribute such Aggregate Data provided that your identity, or the identify of Customer, cannot be reasonably ascertained. Further, OpenPort or the App may provide Data to OpenPort’s contracted third party service providers for purposes consistent with this Section 2. In particular, an App may support use of push notifications supplied through Amazon or other third party as may be added. If you choose to enable or use this feature through Amazon, you agree that OpenPort may send Data to Amazon. The Amazon service is not an “Applicable Service” (as defined in the terms that cover your use of the Service) and your use of this feature may be governed by Amazon’s privacy policy (<http://aws.amazon.com/privacy/> or successor URL), security policies and practices and terms of use. If you choose to enable or use this or similar feature through another third party, such third party’s terms may apply to your use.

(b) Note, each Third Party Platform provider may collect, use and maintain certain usage statistics from your Device and the site where the Apps were initially acquired and downloaded by you (the “Apps Download Site”) in accordance with such Third Party Platform Provider’s privacy policy, available on such Third Party Platform Provider’s website, which you agreed to upon your use of the Apps Download Site. By using the Apps, you consent to such use by the Third Party Platform Provider.

(c) User log-ins and passwords are for designated Authorized Users and may not be shared or used by anyone other than the designated Authorized User to whom the Authorized User log-in and password has been assigned. When you login to any of the Apps to access your Customer account on the Service, your Authorized User log-in and password will be made available to such Apps, as applicable. OpenPort will use your Authorized User log-in and password in the Apps to connect with Customer’s subscription to the Service; the Service is governed by the SSA in effect between OpenPort and Customer. You shall be responsible for the confidentiality and use of your Authorized User log-in and password. You are not permitted to share your

Authorized User log-in or password with any other person or persons. You are responsible for all activities conducted under your Authorized User log-in.

(d) The Apps may store Data and data supplied by the Service, including personally identifiable information, locally on your Device and encrypted using industry standard security measures. You agree that Data may be owned and controlled by Customer. Accordingly, you also agree to take reasonable confidentiality and security measures and comply with all applicable laws and Customer policies, practices and procedures for using and securing your Device, the Apps and any related Data. In particular, you must create a security key (i.e., a pin, passcode, patterned screen lock, or the like) for your Device, which as a precaution you should change regularly. Anyone with access to your unlocked Device may be able to view, add or edit information within the Service, within an App or stored locally on your Device. An App may allow you to enable a “remember” password or login credential option or, may have such feature enabled as part of the App’s standard functionality (e.g., the TribeHR for iOS application). If enabled, your Service password or equivalent will be stored on your Device. If your Device is lost, stolen or your logon otherwise compromised, you must immediately report the incident to both OpenPort and your OpenPort account administrator and change your Service password. Use of the Apps to access the Service requires Internet access and you understand and accept the risk of accessing and transmitting information over the Internet. By using any of the Apps, you and Customer accept full responsibility for any losses and/or damages that may result from that action, including without limitation any breach notification obligations, and agree not to hold OpenPort liable for any losses or damages resulting from such use or your failure to comply with this Section 2.

(f) Compliance Generally. The Apps are not HIPAA-compliant, nor have they been audited or certified against PCI Standards or other requirements for the protection of credit card data and government ID numbers. Unless otherwise expressly permitted in Section 2 (g), You may not use or customize the Apps in any manner that would require OpenPort, the Service, or the Apps to process personal healthcare, credit card, or government ID number data or otherwise comply with, satisfy or meet any related compliance requirements or standards.

3. TERM AND TERMINATION. This License is effective until terminated or until Your access to or use of the Service is terminated (whichever is earlier). This License shall terminate immediately and automatically upon any termination of the Customer’s subscription to the Service, and upon such termination, the Customer, including you, shall cease all use of the Apps and delete or destroy all copies of the Apps in the Customer’s, and your, possession. The License is effective until terminated by you or OpenPort. Your rights under this License will terminate automatically without notice from OpenPort if you fail to comply with any term(s) of this License, or upon five (5) days prior written notice to You. Upon such termination, you shall cease all use of the Apps, and destroy all copies, full or partial, of the Apps. Termination of this License shall not entitle the Customer or you to any refund, credit, or other compensation from

OpenPort. Section 1(d) sets forth additional right and obligations for termination related to Early Access Technologies.

4. SERVICE LEVEL COMMITMENT. Any service level commitment or warranty in effect between the Customer and OpenPort, as set forth in the SSA or otherwise, shall not apply to the Apps. OpenPort shall determine, in its sole discretion, the level of support it will provide for the Apps, and any such support shall be subject to change without notice. 5. NO WARRANTY AND OTHER DISCLAIMERS. OPENPORT WILL NOT PROVIDE YOU WITH ANY INDEMNIFICATION FOR THE APP. YOU EXPRESSLY ACKNOWLEDGE AND AGREE THAT USE OF ANY APP IS AT YOUR SOLE RISK AND THAT THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT IS WITH YOU. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE APP AND ANY SERVICES PERFORMED OR PROVIDED BY THE APP ARE PROVIDED "AS IS" AND "AS AVAILABLE", WITH ALL FAULTS AND WITHOUT WARRANTY OF ANY KIND, AND OPENPORT HEREBY DISCLAIMS ALL WARRANTIES AND CONDITIONS WITH RESPECT TO THE APP, EITHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES AND/OR CONDITIONS OF MERCHANTABILITY, OF SATISFACTORY QUALITY, OF FITNESS FOR A PARTICULAR PURPOSE, OF ACCURACY, OF QUIET ENJOYMENT, AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS. OPENPORT DOES NOT WARRANT AGAINST INTERFERENCE WITH YOUR ENJOYMENT OF THE APP, THAT THE FUNCTIONS CONTAINED IN, OR SERVICES PERFORMED OR PROVIDED BY, THE APP WILL MEET YOUR REQUIREMENTS, THAT THE OPERATION OF THE APP WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE APP WILL BE CORRECTED. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY OPENPORT OR ITS AUTHORIZED REPRESENTATIVE SHALL CREATE A WARRANTY. SHOULD THE APP PROVE DEFECTIVE, YOU ASSUME THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION . SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES OR LIMITATIONS ON APPLICABLE STATUTORY RIGHTS OF A CONSUMER, SO THE ABOVE EXCLUSION AND LIMITATIONS MAY NOT APPLY TO YOU.

6. LIMITATION OF LIABILITY. TO THE EXTENT NOT PROHIBITED BY LAW, IN NO EVENT SHALL OPENPORT BE LIABLE FOR PERSONAL INJURY, OR ANY INCIDENTAL, SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF PROFITS, LOSS OF DATA, BUSINESS INTERRUPTION OR ANY OTHER COMMERCIAL DAMAGES OR LOSSES, ARISING OUT OF OR RELATED TO YOUR USE OR INABILITY TO USE THE APP, HOWEVER CAUSED, REGARDLESS OF THE THEORY OF LIABILITY (CONTRACT, TORT OR OTHERWISE) AND EVEN IF OPENPORT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OF LIABILITY FOR PERSONAL INJURY, OR OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS LIMITATION MAY NOT APPLY TO YOU. In no event shall OpenPort's total liability to you for all damages (other than as may be required by applicable law in cases involving personal injury) exceed the amount of fifty dollars (\$50.00). The foregoing limitations will apply even if the above stated remedy fails of its essential

purpose. OpenPort reserves the right to change, suspend, remove, or disable access to the Apps at any time without notice. In no event will OpenPort be liable for the removal of or disabling of access to the Apps. OpenPort may also impose limits on the use of or access to the Apps, in any case and without notice or liability.

7. EXPORT COMPLIANCE. You may not use or otherwise export or re-export the Apps except as authorized by Hong Kong law and the laws of the jurisdiction in which the Apps was obtained. In particular, but without limitation, the Apps may not be exported or re-exported (a) into any Hong Kong embargoed countries. You also agree that you will not use these products for any purposes prohibited by Hong Kong law, including, without limitation, the development, design, manufacture or production of nuclear missiles, or chemical or biological weapons.

8. MISCELLANEOUS. The Apps and related documentation are "Commercial Items" and unpublished-rights are reserved under the copyright laws of Hong Kong. The laws of Hong Kong, excluding its conflicts of law rules, govern this License and your use of the Apps. Your use of the Apps may also be subject to other local, state, national, or international laws.

9. OWNERSHIP. Title to and ownership of the Apps remains with OpenPort and its licensors, including but not limited to all copyrights, trademarks, and the "look and feel" of the Apps. Except for the limited rights set forth herein, you do not acquire any interest in the Apps by virtue of entering into this License.

10. THIRD PARTY SOFTWARE/SERVICES.

(a) The Apps may be distributed with software governed by licenses from third parties ("Third Party Software" and "Third Party License"). Any Third Party Software is licensed to you subject to the terms and conditions of the corresponding Third Party License, notwithstanding anything to the contrary in this License and Customer must comply with all applicable Third Party Licenses when using the Apps. OpenPort makes no representation or warranty concerning Third Party Software and shall have no obligation or liability with respect to Third Party Software. More information on Third Party Licenses included in these Apps can be found either within the App (such as on the "About" page).

(b) You may opt to use, enable or customize additional features that require use of third party services. In some instances, you may be subject to separate or additional third party terms, including without limitation privacy and security terms, governing access and use of such third party service. The third party service provider may update such terms from time to time with or without notice. If in the future, the third party discontinues, makes backward incompatible or otherwise ceases to make its technology available for interoperation with OpenPort on reasonable terms, OpenPort may cease providing this feature without entitling customer to a refund or credit. Further, OpenPort makes no representations or warranties, including for availability of the feature or with respect to your information, and disclaims all liability whatsoever related to this third party feature.

11. ADDITIONAL APPLICABLE TERMS. To the extent applicable with respect to the Apps you have selected, additional terms and conditions will be set forth in Attachment A, hereto,
